As an expat living in Italy, Todd is uniquely qualified to assist expats with their tax obligations when they move abroad. His services include completion of US tax returns, navigating dual taxation requirements, explaining and assisting with tax residency, and FBAR (Report of Foreign Bank and Financial Accounts) filing. An IRS Enrolled agent, like an attorney or certified public accountant (CPA), has unlimited practice rights before the IRS. This means Todd is unrestricted as to which taxpayers he can represent, what types of tax matters he can handle, and which IRS offices he can represent clients before.

Before completing his IRS Enrolled Agent Certification, Todd earned a Bachelors of Arts in Education from Western Illinois University and an MBA from Capella University. Todd spent several years working as a sales and service representative for a Fortune 100 franchising company in the Midwest. In this role, Todd consulted with the top 25 firms in his region on business strategy, mergers, acquisitions and taxation. For ten years, Todd served as the Chief Operating Officer of a real estate firm with revenues in excess of \$20M annually. Today, Todd works independently as a consultant in business strategy and taxation and with his father's CPA firm in northern Illinois.

Todd was born and raised in the suburbs of Chicago. Todd, his wife and family have lived in various parts of the US including Illinois, Texas, Wisconsin and Idaho. Finally, 4 years ago he and his family relocated to Florence, Italy.
